Kemp's Nurseries Ltd.

The Plant Nurseries and Office

Are situated on the Unley Road, about three miles from the G.P.O. Unley and Mitcham Cars, passing through King William Street, City, pass the gate every few minutes.

THIS NURSERY is open from 8 a.m. to 5 p.m., SUNDAY EXCEPTED. Visitors are cordially invited to inspect.

The Rose and Fruit Tree Nursery

Is at Marion, five minutes' walk from the Ascot Park Station, on the Brighton line.

THE COOL CLIMATE NURSERY is situated at Aldgate, next to the Aldgate Railway Station.

Terms of Business

ORDERS

should be clearly and legibly written on a separate sheet of paper, with name and address in full, and not mixed up in the letter.

Orders are booked at any time for delivery at proper season of planting and executed with the utmost despatch.

SELECTION.

When the choice of varieties is left to us, we can select the most desirable varieties for situation and district.

PACKING.

Our method of packing is the best possible for the different classes of plants. Numbers of testimonials have been received from the most remote districts in Australia and New Zealand as to the condition in which the plants arrived.

PARCELS POST.

In many instances, especially in remote districts, Parcel Post is the quickest and most economical for the transport of Roses, Seeds, Plants, etc. They invariably arrive in good condition.

LOST ORDERS.

Letters are sometimes lost in Post. If no reply to order is received within a reasonable time, please send duplicate stating particulars as to previous order.

HOW TO REMIT.

By Crossed Cheque, Postal Note, or Post Office Order, payable to KEMP'S NURSERIES LTD., Unley. Small amounts may be remitted in stamps. No receipt sent for sums under 5/-, unless stamp enclosed to cover postage.

CONDITIONS OF SALE LIABILITY AND NON-WARRANTY.

When goods are delivered to Railway or other carrier our liability ceases.

We believe that all Seeds, Bulbs, Plants, Trees, and Roots sold by us are of the description and kind specified by us at the time of sale, but owing to the practical impossibility in many cases of being certain of this we give no undertaking that such Seeds, Bulbs, Plants, Trees, or Roots will correspond with the description under which they are sold, and we make all sales subject to this condition. We further give no warranty expressed or implied as to their growth, description, quality, or productiveness, and will not be in any way responsible for the crop. If the purchaser does not accept the goods sold to him on these terms, they are at once to be returned to us, and any money paid to us will be refunded.

IMPORTANT NOTICE.—All our Fruit Trees, Citrus, Shrubs, Plants and Seedlings are sent out in a healthy and hardy condition, and we wish it to be distinctly understood that we take no responsibility whatsoever after the plants leave our establishment, nor hold ourselves responsible for results AND REPLACEMENTS WILL IN NO WAY BE ENTERTAINED, and sale is made subject to these conditions only.

NOTE.—New Customers are required to kindly remit cash with order.

ACCOUNTS.

All accounts are nett and payable within 30 days. 8 per cent. interest will be charged on all accounts over 60 days.

Mrs. Van Stratten Van Nes. Flowers a brilliant cochineal carmine, with waved petals, resembling a carnation. Else Poulsen type.
†Miss Edith Cavell. Scarlet crimson; particularly clear color.
†Orange Triumph. Large clusters up to 100 blooms with single ones about 1½ inches across or salmon red with orange shadings. This variety will supersede the Orleans type as it sets a new standard of healthy foliage, growth, and freedom of bloom.
Paris. Clear light red, large truss.
†Paul Crampel. Deep orange scarlet; unaffected by rain or sunshine. Brighter than Gloria Mundi.
Ruby. Bright ruby red.
†Rufus. Pure self intense shades of crimson.
Salmon Queen. Deep salmon.
†Tiptop. Orange yellow, edged carmine.
White Cecile Brunner. A white variety of the well-known Cecile Brunner.

HARDY ORNAMENTAL TREES, SHRUBS, AND PLANTS

FOR THE OPEN GARDEN

Our stock is very comprehensive, hardy, vigorous, and well grown, and comprises all varieties worth growing.

CORPORATIONS, DISTRICT COUNCILS, ETC., SUPPLIED AT WHOLESALE RATES.

E.T. signifies Evergreen Tree.

D.T. signifies Deciduous Tree.

E.S. signifies Evergreen Shrub.

D.S. signifies Deciduous Shrub.

*Signifies varieties which are only suitable for the cooler hills districts.

Those marked † signify varieties which we particularly recommend.

The height of Shrubs and Trees given is approximate when fully developed in favorable soils and situations, and varies.

Most Shrubs, however, may be kept to any required size by judicious pruning.

We are continually adding New Varieties.

†ABELIA.

E.S. Schumanni. (syn longituba). Pink, flowers in summer, 4 ft. 2 6

E.S. Hendersonii. White, flushed pale pink; 3 ft. 2 0

ABUTILON (Chinese Lantern). Desirable flowering plants.

E.S. Anna Crozy. Deep pink, shaded lilac, veined white, 5 ft. 2 0
 E.S. Brilliant. Bright red, dwarf habit, 4 ft. 2 0
 E.S. Duc de Malakoff. Orange, striped; 8 ft. 2 0
 E.S. Eclipse. Yellow flower, variegated foliage, 3 ft. 2 0
 E.S. Golden Bells. Rich golden yellow; 4 ft. 2 0
 E.S. Sou de Bon. Green foliage, margined white; 5 ft. 2 0
 E.S. Sou de Prince Albert. Beautiful golden, variegated foliage; 5 ft. . . 2 0
 E.S. Thompsonianum, fl. pl., leaves beautifully variegated; 5 ft. 2 0
 ACACIA (Wattle). They succeed almost anywhere, and should be extensively grown, as few trees require less attention.
 †E.S. Baileyana (Cootamundra Wattle). One of the earliest flowering varieties, and a general favourite; 15 ft. 2 0
 E.T. dealbata (Silver Wattle); 20 ft. . . 2 0
 E.T. decurrens (Black Wattle); 20 ft. . . 2 0
 E.T. elata (Cedar Wattle); 20 ft. . . . 2 0
 E.T. floribunda. A very fine variety, resembling Longifolia; 15 ft. 2 0

Varieties marked † particularly recommended

E.T. <i>Lopantha</i> (Cape Wattle). Excellent for quick wind breaks	2	0	AGATHEA (Blue Marguerite). Very free flowering, neat little shrub, bearing bright blue flowers with yellow disc.		
E.T. <i>longifolia</i> . Yellow; 15 ft.	2	0	E.S. <i>coelestis</i> . Blue; 3 ft.	2	0

D.T. <i>negundo aurea variegata</i> . Green and golden variegated foliage. An ideal small tree for a lawn specimen from	3	6	D.S. <i>persica</i> . Double crimson; 12 ft. ..	2	6
†D.T. <i>negundo folii variegata</i> . Green, white, and yellow; very handsome. Unlike most of the Maples this variety does well on the plains, and holds its color well. 20 ft. to 30 ft. from	3	6	D.S. <i>persica</i> . Double pink; 12 ft.	2	6
D.T. <i>Palmatum rubrum</i> . Dark red foliage, turning purplish crimson in autumn. 12 ft.	5	0	D.S. <i>persica</i> . Double white; 12 ft.	2	6
D.T. <i>platanoides laciniatum</i> . Green and yellow foliage. 30 ft. from	3	6	D.S. <i>persica</i> . Double bright crimson; 12 ft.	2	6
D.T. <i>platanoides</i> . Norway Maple ..	3	6	D.S. <i>persica</i> . Double early winter pink; 12 ft.	2	6
D.T. <i>platanoides</i> <i>Schwedlerii</i> ..	5	0	D.S. <i>persica</i> . Double early winter red; 12 ft.	2	6
D.S. <i>Polymorphum</i> . Named varieties. We have a number of the best varieties of this class. from	7	6	D.S. <i>persica</i> <i>versicolor</i> . Double pink and white, on same tree; 12 ft. ..	2	6
D.S. <i>polymorphum</i> seedlings. These are the beautiful Japanese varieties, grown for their highly colored and beautiful foliage from	5	0	D.S. <i>Pollardi</i> . Single pink flowers, like almond bloom; very handsome; 12 ft.	2	6
D.T. <i>pseudo-platanus</i> <i>Leopoldi</i> . Beautiful foliage variety; 30 ft. .. from	5	0	*ANDROMEDA.		
D.T. <i>pseudo-platanus</i> (Sycamore); 30 ft.	3	6	E.S. <i>Catesbaei</i> . Handsome autumn foliage, white flowers; 5 ft.	3	6
D.T. <i>pseudo-platanus</i> <i>Woorlei</i> . Beautiful golden leaved variety; 30 ft. from	3	6	E.S. <i>Japonica</i> . A charming shrub, producing panicles of snow-white lily-of-the-valley-like flowers; 6 ft.	3	6
D.T. <i>rubrum</i> (Scarlet Maple). Foliage turns dark red in autumn .. from	3	6	E.S. <i>japonica</i> <i>variegata</i> . (Same as above, variegated)	5	0
*AESCULUS.			ARBUTUS.		
D.T. <i>hippocastanum</i> (Horse Chestnut). White; 40 ft.	3	6	E.T. <i>unedo</i> (Irish Strawberry). A very handsome evergreen tree, with lily-of-the-valley-like flowers and ornamental red fruit; 20 ft.	2	6
<i>indica</i> . A large-leaved variety, with much bigger bracts of flowers. 30 ft.	5	0	ARDUINA.		
D.T. <i>rubicunda</i> . Scarlet flowers in very fine racemes. A distinct and beautiful tree; 20 ft.	5	0	†E.S. <i>bispinosa grandiflora</i> (Cape Plum). One of the best hardy shrubs; glossy green foliage, well-shaped bush, and sweet-scented Jasmine-like flowers; 8 ft.	2	6
			ASTER.		
			E.S. <i>filifera</i> . Small evergreen shrub, with pretty mauve pink flowers. 2 ft.	2	0

Special quotations for quantities

E.S. *fruticulosa*. Small shrub with pretty purplish blue flowers; 2 ft. 2 0

ATRIPLEX (Salt Bush).

E.S. *mummularia*. Makes a handsome silvery-leaved shrub; 8 ft. . . . 2 0

***AUCUBA.**

E.S. *Japonica variegata*. Suitable only for cool district; 4 ft. . . . from 2 6
And many other varieties from 2/6 to 3/6.

AZALEA.

We have a large and up-to-date collection of all the best single and double varieties. List of varieties free on application.
Large flowering plants from 3/- each

RAY TREE (See *Laurus Nobilis*).

***BAECKIA.**

E.S. *plicata*. Red and white. Pretty heath-like plant 2 6

BAMBUSA.

Argentia variegata 3 0

aurea. The Golden Bamboo. Very handsome 3 6

Fortunei aurea. A dwarf variety; the foliage at certain times of the year is bright golden yellow; 1 ft. . . . 3 0

nigra (The Black Bamboo) . . . 3 6

BAUERA.

E.S. *sessiflora*. Beautiful dwarf shrub with lilac flowers; 3 ft. . . . 3 0

PAUHINIA.

E.S. *alba*. White 3 0

E.S. *purpurea*; 12 ft. . . . 3 0

BEAUFORTIA.

E.S. *purpurea*. Compact, bushy with small bunches rosy purple flowers; 2 ft. . . . 2 6

*E.S. *sparsa*. Orange red; 4 ft. . . . 2 6

†**BERBERIS** (The Barberry)

E.S. *Bealii*. Yellow flowers, handsome foliage; 5 ft. From 3 6

E.S. *Darwinii*. One of the best; covered in spring with deep orange flowers 2 6

E.S. *japonica* 2 6

E.S. *subcauliata*. Graceful arching branches, with pink berries in autumn 2 6

†D.S. *thunbergia atro-purpurea*. Foliage in spring rich bronze red, and colour retained until late autumn, when it takes on the brilliant tints like the ordinary *Berberis*; 4 ft. . . . 3 0

†D.S. *thunbergia*. Yellow flowers in spring; foliage and berries are crimson in autumn 2 6

E.S. *Wilsonae* "Firefly." Much branched, graceful habit. Bright red berries 2 6

E.S. *Wilsonae*. Pale yellow blooms; graceful drooping branches, with bright coral red berries 2 6

E.S. *Wilsonae* "Sparkler." Prostrate compact habit. Bright berries . . 2 6

***BETULA.**

D.T. *alba* (The Silver Birch). An ornamental and graceful hardy deciduous tree, of 30 ft. Small Poplar-like foliage, which turns golden yellow in autumn from 3 6

D.T. *alba folia atro-purpurea* (The Purple-leaved Birch). A magnificent tree; habit similar to the Silver Birch, but with purple foliage. 20 ft. from 5 0

***BORONIA.**

E.S. *elatio*. Rose color, slightly scented; 2 ft. 3 0

E.S. *heterophylla*. Bright pink flowers 3 0

E.S. *megastigma*. A beautiful little shrub, with coppery flowers, with a most powerful scent. A great favourite; 2 ft. 3 0

E.S. *megastigma aurea*. Yellow; 3 ft. 3 6

BOUGAINVILLEA.

E.S. *glabra Cypheri*. Magenta, very large flowers 2 6

E.S. *glabra Sanderiana*. Magenta, very hardy 2 6

BRACHYCHITON.

E.T. *acerifolia* (Flame Tree). Scarlet; one of the most effective trees when in flower; 30 ft. . . . from 2 0

E.T. *populneum* (Kurrajong); 40 ft. A splendid tree for planting in hot, dry climates. Special quotations for quantities 2 0

BRACHYSEMA.

E.S. *lanceolata*. Scarlet pea-shaped flowers; 3-4 ft. 3 0

BROWALLIA.

E.S. *Jamesoni*. A handsome shrub, producing an abundance of orange flowers in drooping panicles; 6 ft. 2 0

BRUGMANSIA (Trumpet Flower).

E.S. *Knighti*. A handsome shrub, producing numerous large, trumpet-shaped, pendulous white flowers, strongly scented; 8 ft. 2 0

E.S. *sanguinea*. Red and orange; 5 ft. 3 0

BRAZILIAN GLORY PEA. (See *Sesbania*.)

BUDDLEA.

E.S. *alternifolia*. Rosy-mauve flowers. Bushy habit, with small foliage; 6 ft. 2 0

E.S. *globosa*. Globular orange-colored flowers; 8 ft. 2 6

E.S. *Madagascariensis*. Orange; very rapid grower, and hardy; 15 ft. . . 2 0

E.S. *officinalis*. A dwarf variety; panicles of pale blue flowers, with orange eye 2 0

E.S. salvifolia. Dense heads of pale lilac, highly scented flowers during the dull winter months; 5 to 6 ft.		2	0
E.S. Veitchiana. Violet-coloured flowers, sweetly scented; 8 ft.		2	0
BUXUS (The Box). Very hardy, compact growing evergreen shrubs, particularly suitable for single specimens. Can be trimmed to any desired shape.			
suffruticosa (The Dutch Box)		2	0
(See also Hedge Plants.)			
CALCEOLARIA (The Slipper Wort).			
E.S. Bronze		2	0
E.S. Yellow		2	0
CALLISTEMON (Native Bottle Brush).			
E.S. lanceolatus. Crimson; 8 ft.		2	0
E.S. rigidus. Dazzling scarlet; 8 ft.		2	0
CALODENDRON (Cape Chestnut).			
E.T. capensis. White, with pink markings. Flowering in panicles		3	0
CALYCANTHUS (Allspice).			
D.S. floridus. Brown, sweet-scented flowers, 8 ft. Hardy, deciduous shrub, flowering in the middle of winter		3	0
D.S. praecox. (Chimonanthus fragrans), yellow and brown flowers, fragrant; 6 ft.		3	0
*CAMELLIA. A large collection in all colours, from		3	0
CAMPHORA (Camphor Laurel).			
E.T. officinalis. A handsome evergreen tree. Will do well in hot districts		2	6
CANTUA.			
E.S. dependens. Rosy carmine; 4 ft.		2	6
CAROB TREE. (See Ceratonia.)			
†CARYOPTERIS (Blue Spirea). With neat spikes.			
†E.S. mastacanthus. Bright blue; 3 ft.		2	0
*CARPINUS.			
D.T. betulis (Horn Bean). A very beautiful, hardy deciduous tree . . from		3	0
CASSIA (Senna Bush).			
E.S. artemesoides. Very compact yellow; 3 ft.		3	0
E.S. didymobotrya. Fine foliage; large heads of yellow flowers; 6 ft.		3	0
†E.S. floribunda. Yellow; very free		2	0
E.S. sturtii. Yellow, very floriferous; 6 ft.		3	0
*CASTANEA.			
D.T. vesca. Spanish Chestnut; 30 ft.		3	0
CASUARINA (Native Sheaoak).			
E.S. glauca. Swamp oak; 30 ft.		2	0
E.S. stricta. Handsome native with Cypress-like foliage; 40 ft.		2	0
*CAPALPA (Tree Bignonia).			
D.T. speciosa. Creamy white, spotted lilac and yellow; 20 ft.		3	0
CEANOTHUS.			
† divaricatus. Bright blue; 8 ft.		2	6
†E.S. Edwardsii. Compact bushy growth, with small shiny foliage and bright blue flowers in spring; 5 ft.		2	6
E.S. Veitchiana. Dark blue, of dwarf habit		2	6
CEDRELA.			
D.S. Australis (Aus. Red Cedar). Quick growing tree suitable for street planting; 30 ft. from		2	6
CELTIS (Nettle Tree).			
D.T. Australis. Good ornamental, suits hot, dry climates; 40 ft. . . from		2	6
*CERASUS.			
D.T. Double-flowering Cherry. Several varieties; 18 ft. The double-flowering cherries give a beautiful effect when flowering in early spring		3	6
E.S. laurocerasus (Common Laurel); 12 ft.		2	0
E.S. lusitanica (Portugal Laurel); White; 12 ft. from		2	6
CERATONIA.			
E.T. siliqua (Carob Tree, or St. John's Bean); 20 ft. (For quantities see Hedge Plants)		2	0
CERATOPETALUM.			
E.S. gummiferum. (N.S.W. Xmas Bush); 20 ft.		3	0
CERATOSTIGMA.			
†E.S. Griffithi. Very pretty dwarf Shrub, with deep blue flowers throughout summer; 3 ft.		2	6
†E.S. Wilmottiae. A beautiful shrub, bearing clusters of sky-blue flowers. Very pretty; 3 to 4 ft.		2	6
CERCIS. The Judas Tree, or Red Bud.			
†D.T. siliquastrum. Rosy purple; 8 ft.		3	0
CESTRUM.			
E.S. aurantiacum. Deep orange, in large terminal bunches; 6 ft.		2	0
CHAMAELAUCIUM.			
†E.S. uncinatum (Geraldton Wax Flower).			
Pink Pearl		3	0
Red, extra good		3	6
*CHERRIES.			
D.S. Double-flowering. See Prunus Serrulata.			
CHOISYA.			
†E.S. ternata. White; 4 ft.		2	6
E.S. CHOROZEMA (Flame Pea Bush)			
†E.S. cordata. Flowers orange and yellow; heart-shaped leaves; 2 ft.		2	6
CISTUS.			
E.S. crispus. Pink with yellow centre; 3 ft.		2	0
E.S. Florentinus. Yellow, very showy; 3 ft.		2	0
E.S. Formosa. Yellow and black		2	0
E.S. sunset. Pink; 3 ft.		2	0

If in doubt, leave the selection to us

CITHAREXYLUM.

E.S. subserratum. Quick-growing, with sweetly-scented white flower and handsome foliage; 10 ft. 2 0

CITRUS.

E.S. cumquat. Small growing ornamental Orange. Suitable for growing in tubs 5 0

CLERODENDRON (Glory Tree).

D.S. ugandense. Blue; 5 ft. 3 6

***CLETHRA (Lily of the Valley Tree).**

E.T. arborea. White; 8 ft. 3 0

CLIANTHUS.

E.S. puniceus alba. White; 5 ft. 2 6

E.S. puniceus (New Zealand Glory Pea). Bright scarlet; a very showy, fast-growing shrub; 5 ft. 2 6

COPROSMA

E.S. Baueriana picturata. Green, blotched yellow 2 6

E.S. Baueriana variegata. Margined white 2 6

CORDYLINE (Club Palm).

E.T. Australis stricta. 10 ft. . . . from 2 0

***CORNUS (Dogwood).**

E.T. capitata. (syn. *Benthamia fragifera*). Large creamy-white flowers followed by red fruits 2 6

D.S. sanguinea. White; 8 ft. 3 0

CORREA (Native Fuchsia).

E.S. speciosa. Scarlet; 2 ft. 2 6

E.S. splendens. Crimson, tipped green; 4 ft. 2 6

***CORYLUS.**

D.S. purpurea (Purple-leaved Hazel), 10 ft. A very ornamental shrub for mixed borders; purple foliage. Forms a pleasing contrast to other foliage 3 6

COTONEASTER.

E.S. Franchetii. Orange-red berries; 6 ft. 2 6

E.S. horizontalis. Small pinky white flowers, followed by scarlet berries 2 6

E.S. macrophylla. Glossy green foliage, and large coral red berries 2 6

E.S. microphylla. White; 4 ft. 2 0

†E.S. pannosa. White; 6 ft. 2 0

E.S. rugosa Henryana. White flowers and orange-crimson berries. Free-growing; 8 ft. 3 6

E.S. rugosa salicifolia. A strong growing variety of spreading habit. Slender weeping branches, with large coral-red berries 8 ft. 3 6

E.S. serotina. Large silver grey foliage, white flowers, followed by sealing-wax red berries; 8 ft. 2 6

CRATAEGUS (The Hawthorn).

D.T. carrieri. White, large ornamental fruits; 15 ft. 3 0

D.T. cordata. White; beautiful autumn foliage; 20 ft. 3 0

D.C. Crus-gal. Very decorative foliage; turns brilliant orange and scarlet in autumn, with bright red berries; 10 ft. 3 6

†E.S. crenulata. White flowers, followed by small scarlet berries, which completely cover the plant. Very effective. Make a fine hedge 2 0

D.T. Layi. White; 10 ft. 3 0

D.T. Mexicana. Large yellowish berries. 12 ft. 3 6

D.T. odoratissima. Sweet scented, white; 12 ft. 3 6

D.T. oxyacantha. Double white; 12 ft. 3 0

D.T. oxyacantha. Double pink; 12 ft. 3 0

D.T. oxyacantha. William Paul. Double scarlet Hawthorn. Much improved; 12 ft. 3 0

D.T. prunifolia; 12 ft. 3 0

E.S. pyracantha angustifolia. A striking variety, with long narrow leaves; covered in autumn with orange-scarlet berries; 6 to 8 ft. 2 6

†E.S. pyracantha Gibbsi. Bright red berries; 6 ft. 2 6

†E.S. pyracantha Lelandi. Bright orange scarlet berries 2 6

E.S. pyracantha Rogersiana flava. A bushy variety of evergreen Hawthorn, covered in autumn with golden yellow berries; 5 ft. 2 6

E.S. pyracantha Yunnanensis. Horizontal type of evergreen Hawthorn, covered with crimson berries in the autumn; 4 ft. 2 6

*** CRINODENDRON.**

E.S. Hookerianum. A nice evergreen shrub, producing long pendulous bright red flowers 5 0

CUPHEA.

E.S. platycentra. (The Cigar Flower.) Attractive red flowers, tipped black and white; 2 ft. 1 6

CYDONIA (Pyrus). Japanese Flowering Quince.

†D.S. Falconnet Charlet. One of the best bright reds; 5 ft., semi-double 2 6

D.S. japonica carnea. Flesh colour; 6 ft. 2 6

D.S. japonica Moerloosii. Rosy-white and carmine. 4 ft. 2 6

D.S. japonica nivalis. Pure white; 6 ft. 2 6

D.S. japonica rubra grandiflora. Red; 6 ft. 2 6

CYTISUS.

D.T. Laburnum (Common Laburnum); 15 ft. from 2 0

D.T. Laburnum Adami. Soft Lavender flowers; 12 ft. from 3 6

D.T. Laburnum Vossi. Immense trusses of soft rich yellow flowers; the finest variety. 12 ft. . . . from 3 6

DAPHNE.

- †E.S. *indica rubra*. Red and white; beautiful shrub, bearing fragrant flowers; 5 ft. 2 0
- †E.S. *indica rubra marginata*. Leaves margined with gold 2 6

DEERINGIA.

- E.S. *Amhersti variegata*. A beautiful shrub, with leaves variegated white and green, with a rosy tint on the young growth; 6 ft. 2 0

DEUTZIA.

- D.S. *crenata*. Single white; 5 ft. 2 0
- D.S. *Pride of Rochester*. Double white; 4 ft. 2 0
- D.S. *gracilis*. Single small white flowers; 2 ft. 2 0
- D.S. *gracilis rosea*. Small rosy pink; 2 ft. 2 0

DIMORPHOTHECA.

- E.S. *Ecklonis*. White, blue centre; 3 ft. 1 6

DIOSMA.

- E.S. *alba*. White. Erica-like, and sweetly-scented foliage; 4 ft. . from 1 6
- †E.S. *pulchrum* (The Pink Diosma). Covered in late winter and spring with small bright mauve-pink flowers; 3 ft. 2 6

DIPLACUS.

- E.S. *Engelerstii*. Light bronze; pretty free-flowering shrub, with Mimulus-shaped flowers; 3 ft. 2 0
- E.S. *glutinosus puniceus*. Red; 3 ft. 2 0

DOMBEYA.

- E.S. *Natalensis*. White; 9 ft. 2 6

DRACENA.

- E. *Australis* (Stricta). 15 ft. From 2 0
- Large specimen plants in pots for decorating verandas. From 3 6

DURANTA.

- E.S. *Ellesi*. Lavender; 6 ft. 1 6
- †E.S. *plumeri*. Lavender; 12 ft. 2 0
- See also Hedge Plants.

ELÆGNUS. Fine hardy shrubs, growing freely in any ordinary soil.

- E.S. *japonica aurea variegata*; 6 ft. 2 6

ELDERBERRY. E.S. 2 0**ERICA** (The Heath).

- autumnalis*. Deep rose. Very hardy; will do well on the plains if given shelter. Very suitable for a shady rockery 2 6
- Beaconsfieldiana*. Creamy white 2 6
- Bowieana*. White; a fine variety 2 6
- Cavendishi*. Yellow; 3 ft. 3 6

E.S. <i>Susannae</i> . Red flowers in great profusion. 6 ft 5/- to 7 6	D.T. <i>spectabilis rosea</i> , fl. pl. Double rose 3 0
PRUNUS.	QUERCUS (The Oak).
†D.T. <i>Blireina</i> , fl. pl. Flowers double, bright rose; 8 ft. 2 6	D.T. <i>coccinea</i> (Scarlet Oak); 50 ft. From 3 0
D.T. <i>Moseri</i> , fl. pl. 2 6	E.T. <i>ilex</i> (Evergreen Oak); 50 ft. From 3 0
D.T. <i>mume</i> , fl. pl. Pink; 6 ft. 2 6	E.T. <i>lustianicus</i> Evergreen; 40 ft. From 3 0
D.T. <i>Pissardi</i> . Very ornamental; foli- age deep coppery crimson, with highly coloured fruit 2 6	D.T. <i>palustris</i> . Foliage turns bright red in autumn; 30 ft. . . . from 3 0
D.S. <i>sinensis alba</i> , fl. pl. Double white; 3 ft. 2 6	D.T. <i>robur</i> (The English Oak); 50 ft. From 3 0
D.S. <i>sinensis rosea</i> , fl. pl. Double rose; 3 ft. 2 6	D.T. <i>rubra</i> . Champion or red oak; 40 ft. From 3 6
D.T. <i>Vesuvius</i> . An improved variety of <i>Pissardi</i> , but with larger leaves . . 2 6	RAPHIOLEPIS (Indian Hawthorn).
*PRUNUS SERRULATA (Double Flowering Cherries).	E.S. <i>ovata</i> . White; 4 ft. 2 0
D.T. Double Rose Pink. 10 ft. 3 6	RHAGODIA (Salt Bush).
D.T. Double Red. 10 ft. 3 6	E.S. <i>hastata</i> . Silvery foliage; 2 ft. Useful also as a hedge plant 2 0
D.T. Double White. 10 ft. 3 6	RHODODENDRON.
D.T. J. H. Veitch. Large deep pink flowers with dark wood; 10 ft. . . . 3 6	E.S. <i>hybridum</i> . Named varieties. From 5 0
	E.S. <i>ponticum</i> . Lilac from 3 6
	RHUS.
	D.S. <i>cotinus atropurpurea</i> . Crimson; 6 ft. 3 6

Varieties marked † particularly recommended.

*D.S. <i>cotinus folius purpureus</i> . Rich purple foliage through spring and summer turning to wine color in autumn; 6-8 ft.			3	6
†D.T. <i>succedanea</i> (Japanese Wax Tree). Foliage turning bright scarlet in autumn			2	6
RIBES (Flowering Currants).				
†D.S. <i>sanguineum</i> (Red Flowering Currant); 5 ft.			2	6
†D.S. <i>speciosum</i> (Fuchsia - flowered Gooseberry). Very pretty shrub, with deep red flowers; 4 ft. . . .			3	0
ROBINIA.				
D.S. <i>hispida rosea</i> . Rose colour; 6 ft.			3	0
D.T. <i>pseudo acacia</i> . A very handsome tree, with long racemes of drooping white flowers; 40 ft.			2	6
D.T. <i>pseudo acacia decaisneana</i> . Flesh-coloured flowers; 40 ft.			3	0
RUSSELIA.				
†E.S. <i>junceae</i> . Scarlet; 4 ft. A beautiful little shrub with rush-like foliage			2	0
SALIX (The Willow).				
D.T. <i>Babylonica</i> . Narrow-leaved weeping willow; 50 ft. from			2	0
D.T. <i>vitellina</i> (The Golden Willow). Rich golden yellow wood; 15 ft. . .			2	6
D.S. <i>vitellina aurea pendula</i> . Weeping form of the Golden Basket Willow; 20 ft. from			3	6
SALVIA.				
E.S. <i>Africana</i> . Violet; 3 ft.			2	0
D.S. <i>azureus</i> . A beautiful clear sky blue; 3 ft.			2	0
E.S. <i>coccinea</i> . Red; 3 ft.			2	0
E.S. <i>Grahami</i> . <i>purpurea</i>			2	0
E.S. <i>involuta</i> . Rosy red; 4 ft.			2	6
SAMBUCUS.				
D.S. <i>nigra</i> ; 12 ft.			2	0
D.S. <i>nigra argentea variegata</i> . Variegated Elderberry; a fine shrub; 10 ft.			2	0
SCARLET GUM.				
See <i>Eucalyptus Ficifolia</i>			2	0
SCHINUS (Pepper Tree).				
E.T. <i>molle</i> ; 20 ft.			1	6
SESBANIA.				
†D.S. <i>tripetii</i> (Brazilian Glory Pea). 8 ft.			2	6
SIPHOCAMPHYLOS.				
†E.S. <i>bicolor</i> . Red and yellow; very free-flowering, continuing in bloom a long time; 3 ft.			2	0
SOLANUM.				
E.S. <i>azureum</i> . Bright blue; a fine, free-flowering, hardy shrub; 4 ft.			2	6
SOPHORA.				
D.T. <i>japonica</i> . White; 20 ft.			2	6
SPARMANIA.				
E.S. <i>Africanae</i> , fl. pl. Double, white; 8 ft. A very handsome, rapid-growing, winter-flowering shrub			2	6
SPARTIUM.				
†E.S. <i>junceum</i> (Spanish Broom). Yellow; 10 ft.			2	0
E.S. <i>multiflorum album</i> . White; 8 ft.			2	0
SPIREA. Very hardy and beautiful spring-flowering shrubs.				
†D.S. <i>Aitchisonii</i> . White flowers in very large clusters. Very graceful shrub, with ferny foliage; 5 ft.			2	6
D.S. <i>Anthony Waterer</i> . Rich crimson; 3 ft.			2	0
D.S. <i>corymbosa</i> . Single white (May); 5 ft.			2	0
D.S. <i>Douglasii</i> . Rose; 3 ft.			2	0
D.S. <i>grandiflora</i> (<i>Exochordia</i>). Large single flower. Very beautiful; 8 ft.			2	6
D.S. <i>Reevesiana</i> , fl. pl. The well-known double white; 3 ft.			2	0
†D.T. <i>thunbergii</i> (syn. <i>gracilis</i>). Dwarf variety, with grass-like foliage, which turns brilliant colors in autumn. Pure white flowers in early spring; 3 ft.			2	0
STATICE (Sea Lavender)—Everlasting Flowers.				
D.S. <i>Caspia</i> . Long feathery spikes of pale mauve flowers			1	6
E.S. <i>Dicksonii</i> . Pink; fine for cutting; 2 ft.			2	0
†E.S. <i>macrophylla</i> . Blue and white; 2 ft.			2	0
E.S. <i>perezii multiflora</i> . Blue; 2 ft.			2	0
STENOCARPUS.				
E.T. <i>Cunninghami</i> , syn. <i>sinuatus</i> . Bright scarlet flowers, formed as the spokes of a wheel; 15 ft. . . from			3	0
STERCULIA.				
E.T. <i>acerifolia</i> (Flame Tree). Scarlet; 40 ft.			2	0
E.T. <i>heterophylla</i> (Kurrajong); 40 ft.			2	0
†E.T. <i>hybrida</i> . Flowers rosy pink; 40 ft.			3	6
E.T. <i>lurida</i> . Deep crimson; a wonderfully handsome flowering tree; 30 ft.			3	0
STILLINGIA.				
D.T. <i>Sebifera</i> (Tallow Berry). Autumn foliage			2	6
*STRANSVIGEA.				
E.S. <i>salicifolia</i> . Beautiful white flowers followed by red berries			3	0
STRELITZIA.				
E.S. <i>Reginae</i> . Orange and blue; 3 ft. From			3	6
SUGAR GUM (See <i>Eucalyptus</i>)			1	0
Special quotations for quantities.				
SUTERA.				
E.S. <i>grandiflora</i> . Very pretty dwarf winter-flowering shrub, with clear lavender blue flowers; 3 ft.			3	0
SYMPHORICARPUS (Snowberry).				
D.S. <i>racemosus</i> . White berries; 4 ft.			2	0
D.S. <i>vulgaris</i> . Pink; 4 ft.			2	0

SYRINGA (Lilac).

D.S. Belle de Nancy. Beautiful satiny-pink flowers	3	0
D.S. persica. Persian Lilac. Blue; 5 ft.	2	6
D.S. vulgaris Abel Carriere. Double Cobalt blue to white	3	0
D.S. vulgaris alba. White; 5 ft.	2	0
D.S. vulgaris. English Lilac; 5 ft.	2	0
D.S. vulgaris Chas. Joly. Almost purple	3	0
D.S. vulgaris Conderiset. Double. Pale blue	3	0
†D.S. vulgaris Delphine. Single. Very dark	3	0
D.S. vulgaris Mdme. Abel Chatenay. Milk white; double	3	0
D.S. vulgaris Mdme. F. Morel. Single. Very large; pale blue	3	0
D.S. vulgaris Mdme. Lemoine. Very large; double white	3	0
D.S. vulgaris Marechal Bassompierre. Double carmine red	3	0
D.S. vulgaris President Carnot. Light lilac; double	3	0
D.S. vulgaris President Grevy. Double blue, large truss	3	0
D.S. vulgaris President Viger. Bluish lilac	3	0
†D.S. vulgaris Sou de L'Spaeth. Semi-double, red-purple, almost crimson	3	0
†D.S. vulgaris Vulcan. Deep red; single	3	0

TAMARIX.

†E.T. articulata. New evergreen type. Very hardy, upright growth, 10 ft.	2	6
D.T. gallica. Pink (Flowering Cypress); 8 ft. From	2	0
D.S. japonica. Pink flowers before foliage; 8 ft. From	2	0
D.S. odessana rubra. Bright red flowers in summer. Very pretty	3	0
Many other good varieties suitable for seaside and country planting		

TECOMA.

†E.S. capensis. Orange-scarlet; 8 ft.	2	0
†E.T. Smithi. Orange; 10 ft.	2	6
E.S. velutina. Golden yellow; 8 ft.	2	0

TEMPLETONIA (Coral Bush).

E.S. retusa. Terra-cotta crimson. A handsome winter-flowering shrub; 4 ft.	2	6
--	---	---

TELOPEA (The Waratah).

E.T. speciosissima. Scarlet crimson	3	6
---	---	---

THRIPTOMENE.

E.S. Mitchelli. Small-growing Erica-like plant. Very pretty	3	0
---	---	---

TOXICOPHLEA.

E.S. spectabilis. White; 5 ft. A pretty white-flowering shrub; sweetly scented. Very hardy	2	6
--	---	---

TRISTANIA (Lophostemon).

E.T. conferta. White; 30 ft.	2	6
A very quick-growing evergreen tree; broad foliage. Useful for shelter.		

ULMUS (The Elm).

D.T. campestris (English Elm); 80 ft.	3	0
†D.T. campestris Louis van Houtte. Yellow leaves; 80 ft. from	3	6
E.T. chinensis (syn. parviflora). The Chinese Elm. An evergreen small tree with spreading branches; 15 ft.	3	6
D.T. montana pendula (Weeping Elm). Standards from	10	6

VERONICA.

E.S. Andersoni. Blue; 3 ft.	2	0
E.S. Andersoni variegata. Blue; 2 ft.	2	0
E.S. Diosmaefolia. Pale lilac; 2 ft.	2	0
E.S. Hulkeana. Lavender blue; 3 ft.	2	0
E.S. Lobelioides. Blue; 2 ft.	2	0
E.S. speciosa imperialis. Crimson; 3 ft.	2	0
E.S. variabilis. Rose; 3 ft.	2	0
E.S. versicolor. Variegated pink, green and white foliage; 3 ft.	2	0
E.S. Vulcan. Deep crimson; 4 ft.	2	0

VIBURNUM.

E.S. Burkwoodi. Rosy white; sweetly scented	3	6
D.S. Carlesi. Beautifully rosy-white Bouvardia-like flowers; very lightly perfumed; 6 ft.	3	6
†D.S. Opulus. Guelder Rose or Snowball Tree	2	6
E.S. Tinus (Laurestinus). White; 6 ft.	2	0
(See also Hedge Plants.)		

VIRGILIA.

†E.S. capensis. A hardy shrub with rosy lilac flowers and graceful foliage; 15 ft.	2	6
--	---	---

WEIGELIA (Diervilla).

D.S. Candida. White; 4 ft.	2	6
D.S. purpurata. Red; 4 ft.	2	6
D.S. rosea. Rose; 4 ft.	2	6
Beautiful spring-flowering shrubs, quite hardy on plains or hills.		

YELLOW BROOM.

See Spartium junceum	2	0

CONIFERAE

Some of the Pines, Cedars and Abies form magnificent avenues, and for single specimens on lawns they are all that can be desired.

ABIES (The Spruce Firs).

Douglassii (Douglas' Silver Fir), 100 ft. From	3	6
Fraseri. Very handsome; 40 ft.	3	6

Kosteriana glauca (Koster's Blue Spruce). The most glaucous of all the Abies; rare. From	7	6
Nordmanniana. Very handsome; 80 ft. From	3	6
Pindrow. From the Himalayas. From	3	6
Pinsapa. One of the grandest trees in this section; 50 ft. From	3	6

Inspection always invited

ARAUCARIA.

Bidwilli (The Bunya-Bunya)	3	6
excelsa (Norfolk Island Pine). From	2	0
imbricata (Monkey Puzzle); 30 ft. From	5	0

BIOTA (Chinese Arbor Vitae).

Orientalis Nana Aurea (Golden Arbor Vitae); 3 ft. From	2	6
---	---	---

CALLITRIS, syn. Frenela.

Mulleri; 20 ft. From	3	6
-------------------------------	---	---

CEDRUS.

Atlantica (Silver Cedar); 10 ft. From	3	0
Atlantica aurea. Golden tipped variety, very rare; 40 ft. From ..	7	6
Atlantica glauca (True). A truly magnificent variety; rare; 50 ft. From	5	0
deodora (Indian Cedar); 80 ft. From	3	6
deodora aurea. A golden - tipped variety, forming a magnificent spectacle when planted as a single specimen. From	5	0

CHAMAECYPARIS.

Spaeroides variegata; 12 ft. From ..	3	0
--------------------------------------	---	---

CRYPTOMERIA.

elegans. Red-brown foliage in winter; 40 ft. From	3	0
elegans gracilis. Red-brown foliage in winter; 40 ft. From	3	0
japonica (Japan Cedar); 60 ft. From	3	0

CUPRESSUS.

Arizonica; 40 ft. from	2	6
Brunniana aurea (The Golden Macrocarpa); 20 ft. From	3	6
Lambertiana (Macrocarpa); 30 ft. From	1	6
Lambertiana horizontalis (from cuttings). A beautiful breakwind tree; also the best Pine for forming hedges (see Hedge Plants). From	3	0
Lambertiana horizontalis aurea. (The Golden Pine). Fine golden foliage. From	3	6
Lawsoniana; 40 ft. From	3	0
Lawsoniana aurea; 10 ft. From	3	6
Lawsoniana erecta viridis; 20 ft. From	3	6
Lawsoniana Fletcherii. Perfect glaucous feathery pyramidal growth; 5-6 ft. from	3	6
Nootkatensis (syn. Thujopsis); 30 ft. .	3	6
sempervirens stricta (Upright Cypress); 30 ft. Fine type from cuttings. From	2	6
torulosa. A handsome shelter tree; also a valuable hedge plant; 70 ft. From	2	6

JUNIPERUS (Juniper).

Africanus; 15 ft. from	3	6
communis aurea; 15 ft. From	3	6
erecta; 15 ft. From	3	6
japonica aureus; 10 ft. From	3	6
Sabina; 5 ft. From	3	6
Virginiana. Very ornamental silvery foliage. From	3	6
All very hardy, and form fine specimens.		

LARIX (The Larch).

Europea; 30 ft. From	3	6
-------------------------------	---	---

LIBOCEDRUS.

decurrens. Fine evergreen trees; 80 ft. From	3	6
---	---	---

PICEA (Silver Fir).

alba (White Spruce); 40 ft. From .	3	6
excelsa (Norway Spruce); 70 ft. From	3	6
excelsa inverta. Weeping form of spruce. From	3	6
Sitchensis; 70 ft. From	3	6
morinda (syn. Smithiana) (West Himalayan Spruce). A beautiful tree with drooping branches. From	3	6
pungens (Blue Spruce); 80 ft. From	3	6
pungens glauca; 80 ft. From .. .	5	0
pungens Moerheimi glauca. One of the best silver firs. From .. .	5	0
Noble and majestic trees when they attain age, but only suitable for cooler districts.		

PINUS (The True Pine).

Canariensis; 40 ft. From	1	6
halypensis (Aleppo Pine). The hardiest of all; 40 ft. From	1	6
insignis (Remarkable Pine); 60 ft. From	1	6
longifolia; 10 ft. From	1	6
Maritima; 50 ft. From	1	6
Pinea (Stone Pine); 40 ft. From ..	1	6
Special quotations for quantities.		

RETINOSPORA.

ericoides (Heath-like Cypress); 10 ft. From	3	6
filifera aurea pendula. Dwarf weeping variety; for rockeries; 4 ft. From	3	6
leptoclada. A large pyramidal variety, with attractive silver-grey foliage; 8 ft. From	3	6
obtusa Crippsii. Foliage golden yellow; 50 ft.	3	6
obtusa nana gracilis; 6 ft. . . . from	3	6
obtusa nana aurea; 6 ft. . . . from	3	6
plumosa (Plume-like Cypress); 10 ft. From	3	6
plumosa aurea. Golden foliage; 6 ft.	3	6
pisifera aurea. A narrow pyramidal small tree, with attractive golden foliage, turning bronze in winter; 5 ft. From	3	6
squarrosa. From	3	6
squarrosa Sewelli. From	3	6
squarrosa sulphurea; 4 ft. From ..	3	6

SALISBURIA (Ginko).

Adiantifolia (Maidenhair Tree); 70 ft. From	3	6
--	---	---

SEQUOIA.

gigantea (Mammoth Tree of California); 400 ft. From	3	6
sempervirens. Large-growing tree; very ornamental. From	3	6

TAXODIUM.

distichum (Deciduous Cypress); 20 ft. From	3	6
---	---	---

TAXUS.

<i>baccata</i> (English Yew); 10 ft. From	3	6
<i>baccata aurea</i> (Golden Yew); 10 ft. From	3	6
<i>Hibernica</i> (Irish Yew); 15 ft. From	3	6
<i>Hibernica Aurea</i> ; 12 ft. From	3	6

THUJA.

<i>Lobbi</i> ; 50 ft. From	3	6
<i>Lobbi variegata</i> ; 50 ft. From	2	6
<i>occidentalis globosa</i> . A natural ball-shaped variety; 3 ft. from	3	6
<i>occidentalis</i> . Little Gem. Very dwarf and compact; 2-3 ft. from	3	6
Handsome trees, with fine foliage; beautifully colored during winter.		

THUJOPSIS (Japan Arbor Vitae).

<i>dolabrata</i> ; 40 ft. From	3	6
--------------------------------	---	---

WIDDRINGTONIA.

<i>cupressoides</i> (The Table Mountain Cypress). Pyramidal habit, very hardy; 15 ft. from	3	0
<i>dracomontana</i> . Glauous foliage, pyramidal habit; 15 ft. from	3	0
<i>juniperoides</i> . Narrow upright pyramidal growth, green foliage, very hardy; 40 ft. from	3	0

HARDY CLIMBING AND TRAILING PLANTS

Those marked † we particularly recommend.

E.—Evergreen. D.—Deciduous.

AMPELOPSIS.

D. <i>Engelmanni</i> . Foliage similar to <i>Hedera</i> . Very brilliant in autumn; self-clinging	2	6
D. <i>Henryana</i> . The leaves are beautifully variegated with silver and rose	2	6
†D. <i>Veitchi</i> (Small-leaved Virginian Creeper)	2	0

ANTIGONON (Mexican Mountain Rose).

†D. <i>leptopus</i> . Pink; a very beautiful climber, worthy of more general cultivation	2	6
--	---	---

ARISTOLOCHIA.

D. <i>elegans</i> . Large flowers, blackish-purple, with yellow veins; peculiar shape. Very handsome and attractive	2	6
---	---	---

BIGNONIA.

E. <i>Australis</i> . Whitish; a rapid-growing climber, with good foliage	2	6
E. <i>capreolata</i> . Orange and red	2	6
†E. <i>Chirere</i> . A magnificent climber, with red flowers and handsome foliage. The best evergreen Bignonia	3	0
†E. <i>gracilis</i> . Yellow evergreen; a beautiful climber, with small foliage and large golden-yellow flowers	2	0
D. <i>grandiflora</i> . Orange-bronze	3	0
E. <i>jasminoides</i> . White, with purple throat; evergreen	2	6

E. <i>Lindleyana</i> . Lilac; a beautiful evergreen climber	2	6
---	---	---

†E. <i>Mackeni</i> . A splendid climber; large trusses of pale pink flowers, with deeper veinings	2	6
---	---	---

†D. <i>Madame Galen</i> . Similar to <i>Grandiflora</i> in habit, but with wine-red flowers	3	0
---	---	---

†D. <i>Manglesi</i> . Chestnut-red and orange bronze. One of the best deciduous climbers	3	0
--	---	---

E. <i>Monsieur Petit</i> . Cream and purple flowers	2	0
---	---	---

†E. <i>venusta</i> . Orange; a grand winter-flowering climber. Does well in warm districts	2	6
--	---	---

BOUGAINVILLEA.

E. <i>glabra Sanderiana</i> . Violet red	2	6
†E. <i>lateritia</i> . Terra-cotta	3	6

E. <i>magnifica traili</i> . Bright purple; one of the handsomest summer-flowering	2	6
--	---	---

†E. <i>Mrs. Butt</i> . Crimson-lake	3	6
-------------------------------------	---	---

E. <i>Orange King</i> . Distinct orange-red flowers	3	6
---	---	---

E. <i>Thomasi</i> . The best pink Bougainvillea	3	6
---	---	---

E. <i>Turley's Special</i> . A splendid new variety with cherry-red blooms	3	6
--	---	---

CANAVALIA.

E. <i>Bonariensis</i> . Purple rose. A pretty evergreen climber with shining green leaves and drooping racemes of flowers	3	0
---	---	---

CLEMATIS.

†D. <i>montana Buchani</i> . White flowers very early in spring. Greatly admired	2	6
--	---	---

†D. <i>montana rubra</i> . Rosy pink flowers, otherwise same as <i>Montana</i>	3	6
--	---	---

D. <i>hybrids</i> . Large flowered, in variety	5	0
--	---	---

E. <i>tangutica</i> . Bright yellow flowers	2	6
---	---	---

COBEA.

E. <i>scandens</i> . Purple bell-shaped flowers. A rapid-growing climber	2	0
--	---	---

DOLICHOS.

E. <i>lignosus</i> . Rose	2	0
---------------------------	---	---

E. <i>lignosus alba</i> . White	2	0
---------------------------------	---	---

FICUS.

E. <i>minima</i> . Neat and pretty	2	6
------------------------------------	---	---

E. <i>stipulata</i> . Adheres to the wall like Ivy. Very hardy	2	6
--	---	---

FUCHSIA.

E. <i>procumbens</i> . A good plant for hanging baskets in sheltered situations. Has pretty yellowish flowers, reflexed blue, and large magenta crimson berries	2	0
---	---	---

GOLDEN GLORY CREEPER.

See *Thunbergia Gibsonia*.

HEDERA (The Ivy).

E. <i>dentata variegata</i> . The finest variegated Ivy. Very large leaves	2	6
--	---	---

E. <i>helix</i> (The English Ivy)	2	0
-----------------------------------	---	---

C. <i>helix aborea</i>	2	6
------------------------	---	---

<i>E. helix algeriensis</i> variegata	2	6
<i>E. helix Maderiensis</i> variegata. Very fine	2	6
HOYA.		
<i>E. carnosa</i> (Wax Plant). Pale flesh. ..	2	6
IPOMEA (Perennial Convolvulus).		
<i>E. Learii</i> . Blue. Very rapid grower ..	2	0
IVY (See <i>Hedera</i>).		
JASMINUM.		
<i>E. grandiflorum</i> . The largest white .. .	2	0
<i>E. primulinum</i> . Large bright yellow flowers, sometimes semi-double .. .	2	0
† <i>E. Stephanense</i> . Pink flowers	2	6
KENNEDYA.		
<i>E. nigricans</i> . Black and yellow. Very quick-growing and hardy	2	0
<i>E. pentaphylla</i> . Violet	2	6
<i>E. rubicunda</i> . Red; fast-growing .. .	2	6
LATHYRUS (Everlasting Pea).		
† <i>E. pubescens</i> . Color blue, shaded lavender	2	0
LONICERA (Honeysuckle).		
<i>E. aurea reticulata</i> . White and yellow. Handsome variegated foliage .. .	2	6
<i>E. brachypoda</i> . White and pink .. .	2	0
<i>E. Caprifolium</i> (Woodbine). Pink ..	2	0
<i>E. confusa</i> . Pale yellow; fine	2	0
<i>E. gigantea</i> . Cream and yellow .. .	2	0
† <i>D. suaveolens</i> . White; sweetly scented	2	0
MANDEVILLEA.		
† <i>D. suaveolens</i> . White; sweetly scented.	2	0
PASSIFLORA (Passion Flower).		
<i>E. Constance Elliot</i> . Ivory white .. .	2	0
<i>E. edulis</i> . Edible Passion Fruit. Should be generally grown	1	0
<i>E. edulis mammoth</i> (Mammoth Passion Fruit)	2	0
PHASEOLUS (Snail Flower).		
<i>D. caracalla</i> . Lilac and white. A beautiful creeper, with curiously curled and twisted flowers. Very sweetly scented	2	6
RHYNOSPERMUM.		
<i>E. jasminoides alba</i> . White; sweetly scented	2	6
<i>E. jasminoides alba</i> variegata. White	2	6
SOLANUM.		
<i>D. Wendlandi</i> . Large trusses of pale blue flowers. One of the most beautiful climbers in cultivation. Requires a warm situation	3	0
STEPHANOTIS.		
<i>E. floribunda</i> . Pure white; sweetly scented. Wax-like flowers borne in bunches. Requires a warm, well-drained situation	3	6
STIGMAPHYLLUM.		
<i>E. ciliatum</i> (Golden Vine). Yellow; good foliage. A handsome climber .	3	0
TACSONIA.		
<i>E. ignea</i> . Scarlet	2	6

<i>E. mollissima</i> . Magenta	2	6
<i>E. Taylorii</i> (Banana Passion Fruit). Pale pink flowers, with an edible banana-shaped fruit		
	2	0
TECOMA (See <i>Bignonia</i>).		
THUNBERGIA.		
<i>E. Gibsoni</i> (Golden Glory Creeper) ..	2	6
VITUS.		
† <i>D. Alicante Bouchet</i> (Crimson Glory Vine). Crimson autumn foliage ..	2	0
† <i>D. Coignetiae</i> . A very beautiful foliage climber; leaves turning red in autumn	3	0
WISTARIA.		
<i>D. multijuga</i> . Lavender	3	0
<i>D. multijuga rosea</i> . Pale pink .. .	3	0
† <i>D. sinensis</i> . Lavender	2	6
<i>D. sinensis fl. pl.</i> Double lavender ..	3	6
<i>D. sinensis alba fl. pl.</i> Double white ..	3	6

HEDGE PLANTS

Carob (St. John's Bread). Forms a magnificent evergreen hedge; very hardy and quick-growing when established. The best tall-growing hedge. Plant 6 ft. apart. 20/- dozen.

Coprosma lucida. Beautiful glossy foliage; makes one of the handsomest hedges; quick-growing and hardy. Out of ground, 5/- dozen; 30/- 100. Plant 2 ft. apart.

Cupressus Lambertiana Horizontalis (true variety from cuttings). The most ornamental of all hedges; not suitable for small gardens, but unapproached where a tall, dense screen is required. Plant 5 to 6 ft. apart. From 35/- per dozen.

Cupressus Macrocarpa. Forms a quick-growing breakwind. 15/- dozen.

Cupressus Torulosa. This makes a splendid ornamental hedge; suitable for small gardens. Once established it requires little trimming and is very hardy. Plant 3 ft. apart. 35/- per dozen.

Duranta Ellesi. Makes a beautiful evergreen hedge for warm district; fast-growing, compact, and hardy. The best of the Durantas for a hedge. 15/- dozen. Plant 3 ft. apart.

Grevillea Rosmarinifolia. A hardy, fairly quick growing hedge. Bright red flowers. Plant 2 ft. 6 in. apart. 24/- per dozen.

Kaffir Apple. A hardy, quick-growing hedge; almost impenetrable when once established and bears clipping to any extent, and will grow in any situation. Plant 18 in. apart. 5/- doz.; 30/- per 100.

Lantana. These showy plants are ideal for low hedges and borders. They can be clipped into shape, and will bear quantities of flowers all through the summer. Plant 2 ft. apart. 15/- dozen.

Laurustinus. In pots; makes a very pretty small dividing hedge. 20/- dozen.

Ligustrum elegantissimum aureum variegatum (Golden Variegated Privet). 2 ft. apart. A splendid Privet, with fine golden variegated foliage. The leaves keep the color all the year. One of the most effective hedges. 1/6 each. 15/- per dozen. Out of ground, 7/6 dozen. £2 per 100.

Myoporum, Insulare (Native Myrtle). A quick-growing glossy-leaved shrub that makes a good hedge for seaside places. Does well quite near the beach. 15/- dozen; price per 100 on application.

Pittosporum undulatum. This makes a good breakwind and beautiful hedge when regularly clipped, and can be kept at any height. plant 2 ft. to 4 ft. apart. 20/- dozen.

Plumbago capensis. Makes a good flowering hedge; very pretty for dividing off parts of the garden; bears quantities of blue flowers all through the warm weather. 20/- dozen.

Privet (True Evergreen). Plant 1 ft. apart. 30/- per 100.

Rosemary. 5/- dozen; 30/- per 100.

Box. 10/- dozen; £3 per 100.

Tecoma capensis. When kept well trimmed this makes a very good hedge. The foliage is bright glossy green and the scarlet flowers are very bright in winter. 20/- dozen.

RUSSELL LUPINS

(Gold Medal Royal Horticultural Society of England)

This new strain of Perennial Lupins is the most outstanding introduction of many years. The long, closely furnished spikes flower in a great variety of rich colours.

Strong 1-year-old crowns, 9d. each.

Mixed colours, 7/6 per doz.

Separate colours, 1/- each; 10/- doz.

PERENNIAL ASTERS

(Michaelmas Daisies)

The varieties we offer are a big advance in these plants as the flowers are very much larger, and in addition are carried right down to the bottom of the spike and not just at the top as in the older varieties.

Price: 9d. each, 7/6 doz.

REGAL AND SHOW PELARGONIUMS

Chiefly used for Pot Culture and Greenhouse Decoration. They also do well as outside garden plants, in soils that are not too rich.

Price: From 1/6

ZONALE PELARGONIUMS

We carry an immense stock of these popular plants in all the best shades and up-to-date varieties. For hot, dry situations they are ideal, either as specimens, borders, or beds.

Single and Double: 1/3 each, 12/- dozen.

BICOLOUR AND TRICOLOUR PELARGONIUMS

1/6 each

IVY LEAVED PELARGONIUMS

Invaluable for Covering Fences.

Price: 1/6 each, 15/- dozen.

AQUATICS

We are continually adding to our collection of Aquatics and Water Lillies, and can supply a large variety of plants for Fish Ponds, Aquariums, etc.

A SELECT LIST OF HERBACEOUS, EVERGREEN & ROCK GARDEN PLANTS

Herbaceous Plants are showy, beautiful, and most easily cultivated. They are indispensable in every garden.

From 1/6 each.

Special Quotations for Quantities.

BULBS AND TUBERS

We grow large stocks of all Bulbs and Tubers, and can assure purchasers satisfaction by only supplying acclimatised Bulbs.

Always plant Bulbs in well-prepared soil. Sand round the Bulb when planting is very beneficial.

Special List Post Free.

BULB FIBRE.

Our specially prepared Fibre for Bulb culture in bowls is imported direct and prepared by us, and is the same as is used in England. Far better results are obtained from this mixture than from that usually sold. 6d. lb., or 12 lbs. for 5/-. Special quotations for large quantities.

PALMS, FERNS, AND FLOWERING PLANTS

We have a large and varied collection of plants suitable for Ferneries, Rockeries, Shadehouses, and indoor decoration. List and prices on application.

CARNATIONS

The Best of the Australian Varieties.

Price, 1/6 each; 15/- dozen.

Only perfect plants leave our Nursery

CHRYSANTHEMUMS

Our collection of these gorgeous autumn flowers comprises all the best and latest in Japanese singles and decoratives, and new varieties are being added continually. Where the selection is left to us purchasers should state whether the flowers are required for exhibition or garden and decorative purposes. A special list is published in September. Price for all varieties except novelties, 9d. each; 7/6 dozen. Rooted offsets in Spring.

VIOLETS

A large and varied collection. Price 1/- per large clump. 3/6 per dozen single crowns.

CANNAS

These are beautiful Sub-Tropical Plants, beautiful in foliage and flower. Planted in beds as a mass, or as specimen plants in borders, nothing will give a better return for the small amount of cultivation they require.

Price, 1/- each; 10/- dozen.

GET OUR LIST.

PENTSTEMONS

Strong Plants in Pots. Price, 1/- each; 10/- per dozen.

PERENNIAL PHLOX

A Large and Varied Collection.
1/- each; 10/- dozen.

FLOWER SEEDLINGS SAVE TROUBLE

ANNUALS AND PERENNIALS

We have, at all seasons of the year, Seedlings of the best and most popular Annuals and Perennials. Grown outside, in Open Seed Beds, under natural conditions. Far superior to pots of Seedlings, as ordinarily sold. Price, 3/- per 100. Postage extra.

DELPHINIUMS

We are the largest growers of Delphiniums in South Australia, and our plants are all clean and healthy. We have for disposal during July, August, and September several thousand strong one-year and two-year-old crowns at 3/6 to 7/6 per dozen.

SELECT FLOWER AND VEGETABLE SEEDS

Our Seeds are Fresh, Clean, and of Best Quality, obtained from the most reliable sources only.

Great care is taken to supply everything true to name, but there are so many adverse influences affecting the growth of Seeds and their germination that it is quite impossible to give any warranty or take any responsibility for the crop. The vitality of practically all our Seeds is tested in open seed beds.

Our customers may be assured in placing their orders with us that there is nothing better obtainable.

All 6d. per packet, unless otherwise priced.

All Flower Seeds and Vegetable Seeds (except Peas, Beans, and Sugar Corn) at prices quoted by the packet will be sent Post Free for Cash with Order to any Post Office in the Commonwealth of Australia.

FRUIT TREES

NON-WARRANTY

Every possible care is taken to send out every tree from these nurseries true to name; nevertheless, mistakes will sometimes occur; but we give no warranty, expressed or implied, as to the growth, description or productiveness, and will in no case hold ourselves responsible for any greater amount than that actually paid for any trees which may prove to be untrue to label. If the purchaser does not accept the goods under these conditions they must be at once returned to us.

IMPORTANT NOTICE.—All our Fruit Trees, Citrus, Shrubs, Plants and Seedlings are sent out in a healthy and hardy condition, and we wish it to be distinctly understood that we take no responsibility whatsoever after the plants leave our establishment, nor hold ourselves responsible for results AND REPLACEMENTS WILL IN NO WAY BE ENTERAINED, and sale is made subject to those conditions only.

When large quantities of fruit trees are required we shall be pleased to send Special Quotations on application. Please state varieties and number of each.

APPLES

All worked on Blight-proof Stock. Strong well-shaped trees.

Price: 2/- each; 20/- per dozen.

Not less than 6 of any one variety supplied at dozen rate.

†Cleopatra. Medium to large, oblong to conical, skin clear yellow; flesh whitish, juicy, and rich. Good dessert quality. Grown extensively for export; good and consistent bearer. Not suitable for wet situations. Medium late.

Delicious. A beautiful and delicious Apple; a strong grower, hardy, and most prolific bearer. One of the best late keeping Apples. Late.

Dunn's Seedling. Fruit large, clear, waxen yellow, with brownish-red cheek; a good solid late-keeping cooking Apple, also for dessert. Largely grown for export. Late.

Emperor Alexander. One of the largest and most beautiful Apples in cultivation; an excellent market variety, good cooking, fair dessert. Early.

Five Crown (London Pippin). Medium size, good cooking or dessert; does well in cooler parts of State; fruit keeps well. Late.

†Glengyle Red. Sport from Rome Beauty, having all the good qualities of that Apple, but firmer and much deeper red in color; valuable export Apple. Late.

†Granny Smith. Large and juicy, of a greenish yellow color; heavy bearer and good export Apple. Keeps well. Late.

Gravenstein. A splendid Apple, good color and flavor; dessert. Early.

†Jonathan. Fruit medium size, skin light yellow almost covered with rich bright dark red; a good bearer of finest dessert quality.

One of the best commercial varieties. Late. **Rokewood.** A highly colored colonial-raised Apple, and probably the best keeping variety. Very late.

†Rome Beauty. A remarkably handsome fruit of good dessert quality; heavy bearer. Late. **Statesman.** Medium size, golden shaded crimson. Strong grower; good cropper. Profitable for storing. Late.

Strawberry Pippin. Large, handsome, first-class Apple; good keeping. Late.

Tasma (Democrat). Dark red all over; prolific bearer, good flavor, splendid keeper; dessert. Very late.

APRICOTS

2/- each; 20/- dozen.

Not less than 6 of any one variety at dozen rate.

†Moorpark. A well-known Apricot of great excellence; most popular variety for canning or drying. End of December and Early January.

Newcastle Early. Medium size, rich golden yellow with red cheek; requires to be heavily thinned. End of November.

†Oullin's Early. A large fruit of most delicious flavor; one of the best early Apricots. Early December.

Riverside. Fruit large to very large, roundish oval; strong grower and sure bearer; ripens a fortnight before Moorpark. Middle of December.

Robin's Imperial. Fruit medium to large, of good quality. A late variety.

Royal. Large; one of the best for drying. January.

Tilton. Very large, rich flavor, highly colored, prolific. Medium.

†Trevatt. Large fruit, good bearer; fine for canning. Medium.

APRICOTS WORKED ON MYRABOLAN PLUM ROOT.

In wet localities the Apricot will thrive on the plum root, whereas it would not succeed on the Apricot. We can supply Moorpark on this stock if required. This stock is preferred by some planters to the apricot for general work.

ALMONDS (Softshell)

Worked on Seedling Almonds.

Price: 2/- each; 20/- per dozen. Per 100 on application.

Not less than 6 of any one variety at dozen rate.

Brandis, Jordan. Strong, upright grower; nuts large and sweet. Softshell.

Californian Paper Shell. Tree spreading habit, strong grower, heavy and regular bearer.

Chellaston. Semi-upright grower, very prolific. Softshell. Considered by leading growers the best variety to plant for commercial purposes.

Hatch's Nonpareil. Very thin shell, large kernel.

I.X.L. Upright grower, prolific.

Johnson's Prolific. A softshell almond of most exceptional merit. A constant and heavy bearer. Nuts of excellent flavor.

Jordan (Hardshell True). Tree half spreading; with large foliage like Brandis; nut larger. Strong grower and prolific.

Ne Plus Ultra. Rapid growing variety, very heavy cropper, with large good flavored nuts.

Pitkin's Brandis. Upright grower, heavy bearer, large kernel.

Strout's Paper Shell. Spreading habit, nut similar to Calif. Paper Shell. Best pollinator for Californian Paper Shell.

Sturt Hardshell. A very prolific and early-bearing hardshell; nuts of good size and flavor.

White Brandis. Semi-upright grower, free cropper. Nuts large and of good shape.

CHERRIES

2/6 each; 27/6 dozen.

Bigarreau Napoleon. Large, bright red color, firm; good for canning. Late.

Bigarreau Twyford. Pale yellow and red; first-class quality. Early.

Black Tartarian. Very large, sweet, and good; bright black. Medium.

Early Lyons (Black). The best large early.

Early Purple Guigne. Large juicy, dark purple. Very early.

Early Rivers. Fine early black.

Florence. Large, bright red; carries well; one of the most popular. Late.

St. Margaret. Very large, black, firm flesh; very valuable late variety.

FIGS

2/- each; 20/- dozen.

Not less than 6 of any one variety at dozen rate.

Black Ischia. Large, dark purple. A very fine Fig.

Gross Verte. Green, large.

Sugar Fig.

Turkey. Medium to large, brownish red; rich and good.

White Adriatic. Large, skin whitish, flesh red. Good drying.

White Province (White Genoa). Medium to large brown, very rich; dries well.

NECTARINES

Worked on Seedling Transplanted Peach Stocks.

2/- each; 20/- dozen.

Not less than 6 of any one variety at dozen rate.

Cardinal. Medium large, bright red freestone. Very early.

Cooza. Large freestone; brilliant color. Middle to End of February.

†**Early Rivers.** Fruit of largest size, skin rich crimson on sunny side, light yellow and red shaded side; flesh tender, juicy, and very rich. First to 10th January.

†**Goldmine.** Fruit is of enormous size, perfect freestone; the flesh cream color, tender, juicy, melting, and sugary, and of a most delicious flavor; color bright bronzy red. End of January to second week in February.

Irrewarra. Above medium size, good color, flavor, and bearer. Freestone. Ripening 5th to 15th December.

†**Mrs. D. Chisholme.** An early variety; ripens 15th to 25th December.

†**New Boy.** Large size and very handsome; covers all over with brilliant crimson; flesh white, juicy, and exquisite flavor; profuse cropper. First week in February.

Stanwick. Large, quality first-class. Middle to end of February.

PEACHES

2/- each; 20/- dozen.

Not less than 6 of any one variety at dozen rate.

Briggs' Red May. Very early, highly colored, rich, and juicy. Tenth to 25th December.

Duchess of Cornwall. An early Peach, medium size, freestone; skin creamy yellow, with red striped cheek; melting and delicious, with a distinct Nectarine flavor; bears freely. A finer flavored Peach could not be desired. Fifth to 20th December.

Early Crawford. A splendid yellow and crimson colored Peach; good for canning and dessert. Middle of January.

†**Elberta.** A splendid mid-season Peach; large and handsome, yellow flesh; yields heavy crops and carries well. End of January.

Finlayson's Seedling. Very large fruit, well colored, white flesh; first quality. Middle to End of February.

Golden Queen. Medium size yellow cling, a canner. Compact growth. Late.

Hale's Early. A really first-class Peach in every way, and always brings top price in the market. End of December.

†**High's Early Canada.** A very early Peach of greatest excellence, ripening same time as Briggs' Red May, but a better bearer. Tenth to 20th December.

†**J. H. Hale (The Million Dollar Peach).** Reputed to be the largest Peach grown. Color, rich golden yellow, overlaid bright crimson. Good bearer, fine flavor. Ripens a few days ahead of Elberta. Third week of January.

Lady Palmerston. Similar to Comet; better color. Twentieth February to 6th March.

†**Le Vainqueur.** Medium, cream tinted red flesh; heavy bearer; freestone. Extra early.

†**Louis Grognet.** Fruit large, beautiful; flesh white, fine, sugary; freestone. Ripens after Hale's Early. Third week in January.

Mountain Rose. Medium size, hardy Peach of good quality. Fourteenth to 20th January.

†Peregrine. A distinct mid-season variety of good constitution and productiveness; fruit large and handsome, with brilliant crimson skin. Flesh rich, highly flavored, and parting readily from the stone. Second week in January.

†Prizetaker. A good medium late white-fleshed Peach. Outside of fruit highly colored, hanging well on the tree. Highly recommended.

Pullar's Cling. Very large, red cheek and yellow flesh, a canner. Late.

†Royal George. A well-known variety; one of the best medium Peaches.

Salway. Flesh deep yellow, similar to an Apricot. Second week in March.

Sea Eagle Improved. An improved Sea Eagle: white flesh, very large. Middle to End of February.

†Smith's Seedling. Raised in Victoria. Highly colored, large freestone. Good dessert Peach. Ripens early in February.

Triumph. Large, almost covered with deep red, the earliest yellow flesh; strong healthy grower and good cropper. Third week in December.

†Wiggins. An early freestone of large size, and most highly colored; ripens just after Briggs' Red May. Tree very prolific; flesh very rich and juicy. End of December.

†Wright's Early. One of the best early Peaches; highly recommended. End of December to Early January.

PEARS

Worked on Pear Stocks.

2/- each; 20/- dozen.

Not less than 6 of any one variety at dozen rate.

Clapp's Favorite. An American Pear of highest quality; ripens just before Williams' Bon Chretien. Early.

†Duchess. (See Williams' Bon Chretien.)

†Glou Morceau. Large, skin yellow; flesh buttery, melting, and very juicy. Of the best dessert quality.

Josephine Des Malines. A most delicious Pear; also one of the longest keeping sorts. Late.

†Packham's Triumph. Beautiful shape; large, and of the most perfect flavor; good grower. Early and prolific bearer; ripe in April.

†Williams' Bon Chretien (Duchess). Large, buttery, and melting; one of the finest summer Pears grown. Early.

PLUMS

2/- each; 20/- dozen.

Not less than 6 of any one variety at dozen rate.

†Angelina Burdett. Juicy, rich, and highly flavored: purple. Early.

Cherry Plum. Bright red; good cooking; medium size. Very early.

†Clyman. Dark purple; firm and of delicious flavor. Very early.

Coe's Golden Drop. A splendid variety; large, yellow. Medium.

Damson (English). True small round fruit.

Diamond. Very large, dark purple; splendid for preserving and a heavy cropper. Medium.

†Early Orleans. A fine early cooking Plum.

Egg Plum. Large, oval fruit; good cooking or preserving; constant and heavy bearer. Late.

Grand Duke. Very large, purple, richly flavored, very prolific. One of the best late Plums.

†Greengage. A well-known delicious Plum. Medium.

†Jefferson. Large, golden yellow, juicy and highly flavored; one of the best. Medium.

Kirk's. Large, black; a very fine variety. Medium.

†President. Very large oval, deep purple Plum. Sweet and rich. An abundant bearer. One of the best late Plums.

Prune D'Argen (French Prune). The standard variety for drying; sweet, rich, and sugary; very productive.

Prune Splendour. Good grower, very productive; a first-class drying, market, and table variety; perfect freestone. Ripens two weeks earlier than the French Prune.

JAPANESE PLUMS

2/- each; 20/- dozen.

Not less than 6 of any one variety at dozen rate.

Burbank. Large, early, globular in shape; color clear cherry red; very sweet, with a peculiar and agreeable flavor; good bearer.

Climax. Large, heart-shaped; highly colored; juicy, and fine perfume.

†Santa Rosa. Very large, purplish crimson, of first quality for dessert. This is by far the best blood Plum ever introduced. Strong grower, good habit, and regular bearer.

Satsuma (or Blood Plum). Large, dark red, with violet bloom; flesh the color of beet; rich, spicy flavor.

†Wickson. One of the best; carmine, with white bloom, fine texture, firm, sugary, and delicious.

Wright's Early. Fruit similar to Burbank; the best very early Japanese Plum.

QUINCES

2/- each; 20/- dozen.

Not less than 6 of any one variety at dozen rate.

Champion. Fruit very large, smooth, and handsome; very productive. Early.

Missouri Mammoth. Fruit grows to an enormous size; mild, pleasant flavor; unsurpassed for cooking. Good, free bearer.

†Pineapple. Medium size; clear golden yellow; makes superior jelly, and is said to cook as tender in five minutes as the best cooking apple; exquisite and delicious flavor.

†Smyrna. Fruit very large, of lovely lemon yellow color. When cooked, very tender, having a delicious flavor.

ORANGE TREES

Price—4/- each.

†Compuda. Large, oval fruit, of first-class quality; a regular and consistent bearer.

†Golden Nugget Navel. Large, deep golden, very solid, and thin-skinned, rather oblong; deliciously sweet.

Parramatta. A well-known sort; very large and prolific.

†Ruby Blood. Medium size, nearly round; skin thin and tough; pulp melting and rich; blood coloring very high; vigorous grower.

†St. Michael. Large, thin skinned; fine flavor. A great favorite.

Thompson's Improved Navel. Medium size; rind very smooth and thin; pulp juicy, sweet, and firm; said to be an improvement on Washington Navel.

Valencia Late. Medium size, round; skin smooth and thin; does not ripen till late in spring, and is especially valuable on that account.

Valencia Late Berri Improved. Medium size, round with a smooth, thin skin. Fruit remains in good condition until Xmas. This variety is being freely planted in the Murray areas. Price, 4/- each.

†Washington Navel. Fruit large to very large; seedless; pulp melting, juicy, and well flavored; strong, healthy grower and good bearer. Requires good soil and must not be allowed to get dry at the roots during November and December.

MANDARIN ORANGE

Price—4/- each.

Beauty of Glen Retreat. Fruit large; very high color, heavy, and solid; delicious flavor. Ripens late.

Dancy's. Medium size, flat, almost scarlet; excellent quality, prolific bearer.

Emperor. Fruit large, of good flavor; one of the best market sorts.

†Japanese Seedless. Very early; fruit large and nicely flavored; tree small-growing.

†Nobilis. The best Mandarin for home garden; fruit large, solid, and of the finest flavor; skin thin.

†Parker's Special. Large; very early; vigorous grower.

LEMONS

Price—4/- each.

†Lisbon. Fruit large, very juicy, thin skinned; very productive and the best.

Lisbon Seedless. A seedless variety of the ordinary Lemon. Good.

LIME

Price—5/- each.

West Indian. Small fruits; very productive.

CITRON

Price—5/- each.

Bengal. Fruit very large, round; useful for preserving.

POMOLO OR GRAPE FRUIT
